

Dear Parent/Guardian,

B.C.'s assessment system has been redesigned to align with the new curriculum where assessment and curriculum are interconnected. "Assessment of all forms will support a more flexible, personalized approach to learning and measure deeper, complex thinking. B.C.'s educational assessment system strives to support student learning by providing timely, meaningful information on student learning through multiple forms of assessment." (curriculum.gov.bc.ca).

The goal of reporting and communicating student learning via electronic portfolios is to ensure that parents/guardians are well informed about their children's progress and to make reporting more meaningful. As such School District 52 will be exploring the use of Freshgrade ePortfolios to capture your child's learning and share it with you (parent/guardian) so that you have a good understanding of the progress your child is making, areas that may require further development, and ways you can support learning at home.

If you need assistance with accessing your child's portfolio, first ask them to guide you through this process at home. If you require further support, please do not hesitate to contact your child's teacher(s) or the administrators.

Please complete the attached form, sign it, and return it with your child.

Additional information on Fresh Grade can be found at

<https://freshgrade.com/parents/>

Thank you for your continued support! Teacher Sd52

I have reviewed my child's FreshGrade portfolio.
